

Algorithm/MappingFunctions.h

../Stacks.h

```
graph TD; A[Algorithm/MappingFunctions.h] <--> B[../Stacks.h];
```

The diagram illustrates a bidirectional relationship between two header files. At the top, a gray rectangular box contains the text 'Algorithm/MappingFunctions.h'. Below it, a white rectangular box contains the text '../Stacks.h'. Two blue curved arrows connect the boxes: one points from the top box down to the bottom box, and the other points from the bottom box up to the top box, indicating that both files include or depend on each other.
